Concerns : Olympic Solidarity scholarships 2013-2016

Dear Colleagues,

The new scholarships program of the Olympic Solidarity for the period 2013-2016 will begin in January. There is no point in mentioning again the importance of the Olympic Solidarity scholarships for the development of your elite wrestlers who will be candidates for the Rio 2016 Olympic Games.

These scholarships requests must be sent to your National Olympic Committee to be submitted to the Olympic Solidarity in Lausanne.

FILA signed an agreement with the Olympic Solidarity for the scholarships to be first awarded to wrestlers who will join the FILA Center in Thies where they will benefit from all the training facilities.

To receive a scholarship they will have to meet the following criteria:

- Being aged 22 years maximum, single or in all cases willing to integrate permanently the Centre of Thies
- Having a high level of skill in Olympic or traditional wrestling justifying the results
- Being motivated to obtain a world and Olympic ranking
- Presenting a medical certificate of aptitude in elite sport
- Having good and acceptable morals to live in group among athletes.

I ask you to please consider the wrestlers of your federation who can meet these criteria in order to achieve the FILA and the CALA objectives to develop the centre of Thies as a centre of excellence in view of Olympic medals in Rio.

I thank you for your cooperation.

Yours sincerely,

Raphaël Martinetti
FILA President

Cc : Mr. Daniel Robin
Mr. Didier Favori
Mr. Ibrahima Sarr – Centre of Thiès
