

## UNITED WORLD WRESTLING

### To: National Federations and United World Wrestling Referees

Team-Sport is a partner of United World Wrestling and they are in charge to produce and distribute the uniforms for international licensed referees on behalf of UWW.

According to the current status of orders we noticed that still many international referees have not ordered yet.

The UWW Referee Uniforms are distributed exclusively by the company Team-Sport Marchl & Neumaier GmbH. **Any counterfeit products are prohibited.**

Therefore, we would like to remind you that on the UWW Website, under <https://unitedworldwrestling.org/development/education/referees> you will find the link to their website and you can easily logon with the login details you received from UWW earlier before and order as National Federation for your referees. In addition, all international licensed referees have direct access and can order personally.

If you have new referees who have to participate in a candidate course, you have to order their uniform and use the license number: 2016. In this way, at the end of the year we will be able to know how many candidates ordered their uniforms.

Please take into consideration that handling and delivery might take some time depending on the destination. Please do not hesitate to contact them in case of any questions or problems.

As the web portal and the products were designed and produced in a very short period starting in December 2015 they faced some problems but they are working constantly to improve all routines in order to offer good service quality to you.

Best regards,
