

UNITED WORLD WRESTLING

TO ALL NATIONAL WRESTLING FEDERATIONS
TO ALL MEMBERS OF THE REFEREEING COMMISSION
TO ALL BUREAU MEMBERS

Subject: Refereeing in 2016

As you might know, the Refereeing Commission had a meeting in Sochi (RUS) in order to speak about the year and to review the proposals of upgrades and downgrades for all International Referees. Moreover, they discussed about the obligations of I S Referees for the next competitions until the Olympic Games in Rio.

First of all, all the updated referee categories will be available in the following days for each National Wrestling Federation through Athena. As we already explained you in the previous circular, the 2016 licenses of your referees can already be ordered through Athena.

Following requests from National Wrestling Federations, we would like to inform you that all the documents regarding the refereeing (Regulations, Obligations, Circulars...) are available on our website in the top menu "Development". When you are in this menu, you only have to click on "Education" and then "Referee" (<https://unitedworldwrestling.org/development/education/referees>).

We also take this opportunity to remind you that the Regulations for the Refereeing Body can be found in this section of the website. We recommend all the National Wrestling Federations to attentively read this document updated after the Senior World Championship in Las Vegas.

In preparation for the Olympic Games in Rio, all the I S Referees must participate in the 2016 Senior Continental Championship of their concerned Continent and in at least one of the two World Qualifying Events.

The Continental Qualifying events are opened to the category I and I S.

You will find attached the list of the pre-selected officials for the Olympic Games in Rio.

I kindly remind you that the I S referees who are not part of the list must also fulfill their obligations mentioned above in order to be controlled and evaluate their level.

I also want to remind you that this list is not unchangeable and if huge mistakes are made during the 2016 Championships and Qualifying Events, substitutes can be done in the list of the selected officials.

It is also important to remind you that your licensed referees who still not receive their licenses must present their Q-R Code to the assigned referees in the international competitions where they will participate. This Q-R Code can be printed through Athena when the amount of the annual license is paid.

I hope that I gave you all the necessary information for 2016 and I also take this opportunity to wish you great new year holidays.

Nenad Lalovic
President
United World Wrestling

Corsier-sur-Vevey, 22nd of December 2015/Jdr
